

# *Nature Wonder*

*Baby Birds*

*God created the great creatures of the sea and every living and moving thing with which the water teems, according to their kinds, and every winged bird according to its kind. And God saw that it was **good**.*

*God blessed them and said, "Be fruitful and increase in number and fill the water in the seas, and let the birds increase on the earth."  
(Genesis 1:21-22)*

*How does the creator create this world full of nature wonders. This is the forth series about the wonders in this world -- Baby Birds. They are all full of baby face and baby feel. They own very nature, beauty, soft feather. Everybody have an intention to touch them once found but their parent will act an unfriendly voice and prepare to protect their generation. This reaction of the parent birds comes nature. So it is just to observe and does not try to touch.*
